Current Address: Wagholi, Pune   **Permanent Address:** Mandi, Himachal Pradesh

Professional Summary

Data Science graduate with expertise in developing data-driven solutions and stock market analytics. Proficient in Python, SQL, and machine learning. Seeking opportunities to apply data science skills in a collaborative environment.

Education

MSc in Data Science *2023 – Present*
Christ University, Pune

BSc in Computer Science, Statistics, and Mathematics *2020 – 2023*
Chandigarh University

12th Grade *2020*
Ambition Classes, Kullu, Himachal Pradesh

10th Grade *2018*
Mahavir Public School, Sundernagar, Himachal Pradesh

Technical Skills

- **Programming Languages:** Python, R, SQL, HTML, CSS, JavaScript
- **Data Analysis:** Regression Analysis, Time Series (ARIMA)
- **Visualization:** Power BI
- **Frameworks:** Django, Pandas, NumPy
- **Cloud:** Microsoft Azure, AWS
- **Soft Skills:** Teamwork, Communication, Problem-Solving

Projects

Stock Insight (Personal Project) *Ongoing*
Developing a web-based stock recommendation system using Django and the Upstox API.

- Integrated real-time stock data with statistical models, increasing the accuracy of trading signals by 20
- Implemented user behavior tracking that enhanced recommendation relevance by 15
- Designed machine learning algorithms to provide predictive insights, reducing manual analysis by 30

Real-Time Video Annotation Platform (Hackathon Project) *2024*
Runner-up in Rian Innovate-a-Thon, creating a collaborative video annotation tool.

- Developed a real-time annotation tool used by 50+ participants, improving collaboration efficiency by 40
- Implemented multi-user collaboration, enabling simultaneous contributions and reducing time delays by 25

RideRovers (Previous Project) *2023*
Created a bike rental platform using Django.

- Developed real-time booking functionality, serving 100+ users daily, and improved user retention by 10
- Designed and implemented secure user authentication for 500+ active users.

Achievements

Certificate of Appreciation - Investor One (Speaker) *2024*
Delivered a session on stock market strategies at Mumbai College.

Runner-up - Rian Innovate-a-Thon *2024*
Awarded for developing a real-time video annotation platform.
